Persona	SCCE Evidence Provider	SCCE Program Provider	The all-round supplier	SCCE Network Provider
				
Description	The supporting organisation aims to support, guide and monitor programs for SCCE across the broad educational sector (from compulsory education to higher education and non-formal education).	The SCCE-provider is focussed on delivering SCCE learning activities. They aim to influence learners' actions, not just knowledge. Curious about impact to improve programs and build credibility. Sometimes need to report to funders	The all-round supplier offers a broad range of learning activities, with SCCE as one element among others. SCCE is not their core focus but an important part of their portfolio.	The SCCE network provider connects organizations, professionals, and learners with relevant SCCE programs, resources, and assessment practices. Acts as a bridge to share expertise and foster collaboration.
Slogan	*"We support SCCE with the aim of a sustainable transition of society"*	*"With our SCCE-activities, we can contribute to a sustainable society"*	"SCCE is a part of our diverse learning portfolio"	"Connecting people and practices for stronger SCCE."
